Sheet No. 1 of 2
Schedule No. Cp-1
Amendment No. 122

Public Service Commission of Wisconsin

KAUKAUNA UTILITIES

RATE FILE

Small Power Service

<u>Application</u>: This rate will be applied to customers for all types of service if their monthly Maximum Measured Demand is in excess of 50 kilowatts (kW) per month for three or more months in a consecutive 12-month period, but not greater than 200 kW per month for three or more months in a consecutive 12-month period.

Customers billed on this rate shall continue to be billed on this rate until their monthly Maximum Measured Demand is less than 50 kW per month for 12 consecutive months. The utility shall offer customers billed on this rate a one-time option to continue to be billed on this rate for another 12 months if their monthly Maximum Measured Demand is less than 50 kW per month. However, this option shall be offered with the provision that the customer waives all rights to billing adjustments arising from a claim that the bill for service would be less on another rate schedule than under this rate schedule.

<u>Customer Charge</u>: \$50.00 per month.

Distribution Demand Charge: \$1.50 per kW of distribution demand.

<u>Demand Charge</u>: \$8.75 per kW of billed demand.

Energy Charge: \$0.0556 per kilowatt-hour (kWh).

Energy Limiter: \$0.1194 per kWh

For each month, the customer shall be billed the lesser of 1) the amount for the Energy Limiter, and 2) the amount for the Energy Charge plus the amount for the Demand Charge. This provision does not affect the billing of the customer charge, the distribution demand charge, and the PCAC, which are also billed each month.

Power Cost Adjustment Clause: Charge per all kWh varies monthly. See schedule PCAC.

Prompt Payment of Bills: Same as Rg-1.

<u>Minimum Monthly Bill</u>: The minimum monthly bill shall be equal to the customer charge, plus the distribution demand charge.

Amendment No. 122

Public Service Commission of Wisconsin

KAUKAUNA UTILITIES

Small Power Service

<u>Discounts</u>: The monthly bill for service will be subject to the following discounts applied in the sequence listed below.

<u>Primary Metering Discount</u>: Customers metered on the primary side of the transformer shall be given the following discounts on the monthly energy charge, distribution demand charge, and demand charge.

2,300 volts to 15,000 volts inclusive: 2.0 percent

Or:

RATE FILE

Above 15,000 volts: 3.0 percent

The PCAC and the monthly customer charge will not be eligible for the primary metering discount.

<u>Service Voltage Discount</u>: Customers who own and maintain their own transformers or substations shall be given a credit of:

\$0.20 per kW of distribution demand if receiving service from 2,300 volts to 15,000 volts, inclusive

Or

\$0.40 per kW of distribution demand if receiving service above 15,000 volts

Customer-owned substation equipment shall be operated and maintained by the customer. Support and substation equipment is subject to utility inspection and approval.

<u>Determination of Maximum Measured Demand</u>: The Maximum Measured Demand in any month shall be that demand in kilowatts necessary to supply the average kilowatt-hours in 15 consecutive minutes of greatest consumption of electricity during each month. Such Maximum Measured Demand shall be determined from readings of permanently installed meters or, at the option of the utility, by any standard methods or meters. Said demand meter shall be reset to zero when the meter is read each month.

<u>Determination of Distribution Demand</u>: The Distribution Demand shall be the highest monthly Maximum Measured Demand occurring in the current month or preceding 11-month period.

Determination of Billed Demand: The Billed Demand shall be the Maximum Measured Demand.

EFFECTIVE: April 1, 2019
