Kaukauna Utilities
 777 Island Street
 Kaukauna, WI 54130

SAVE ON YOUR WATER BILL WITH WATER SAVING APPLIANCES

Qualified appliances incorporate advanced technologies that use less water than standard models. Look for the specific Tier levels on the clothes washer and dishwasher.

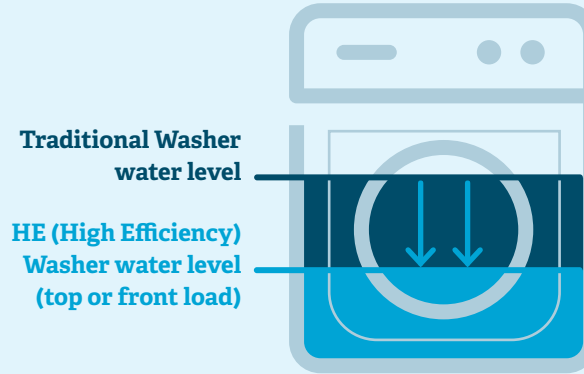

Toilet gpm not to exceed 1.28 gallons per flush.

Faucet not to exceed 1.5 gallons per minute.

Many existing water softeners use excessive water because they regenerate on time rather than gallons of water used.

Demand Initiated Regeneration (DIR) water softeners only regenerate when necessary based upon gallons used.

HE (HIGH EFFICIENCY) WASHERS SAVE WATER

OUT WITH THE OLD, IN WITH NEW & EFFICIENT APPLIANCES

Purchase water saving appliances, water softeners, and Water Sense toilets and receive a bill-credit incentive.
