SMART THERMOSTAT

Smart thermostats make it easy to set a schedule that keeps you comfortable when you're home and saves energy and money when you're away. They can learn and adjust automatically to your preferences, and you can adjust settings from anywhere with a user-friendly app.

Preheat or cool down your home just before you arrive, apply vacation settings and even receive personalized energy usage feedback.

Benefits:

- Easy to program
- Adapts to your preferences
- Saves energy and money
- Control from anywhere

Smart thermostats also provide basic demand response capabilities that allow remote connection with utilities for adjusting thermostat settings during peak demand periods.
